ROTOFLEX®

The new standard in steel cap boots

With a focus on biomechanical design, our RotoFlex range is a giant leap forward in work and safety boots. Every cutting-edge component has been extensively trialled and tested.

PUT OUR INNOVATION TO WORK.

FEATURES & BENEFITS

- Water-resistant uppers
- Laces made from 100% recycled material
- Durable heavy-duty zips
- Industrial grade zip fastener
- New lining made from 100% recycled PET offers moisture wicking and long lasting performance
- Streamlined TPU toe guards
- Padded collar and tongues
- Robust soles designed for all environments

STABILITY WITH EVERY STEP

FEATURES & BENEFITS

- TPU outsole
- Abrasion and heat resistant to 140°C
- Fuel oil resistant
- Highly resistant to microbial attack and water damage

A STRONG FOUNDATION FROM THE GROUND UP

FEATURES & BENEFITS

- Nitrile Rubber outsole
- Heat resistant to 300°C
- Fuel oil resistant
- Excellent abrasion, cut and slip resistance

THE ULTIMATE UNDERFOOT TRACTION

FEATURES & BENEFITS

- Vibram TC4+ Rubber outsole
- Heat resistant to 300°C
- Fuel oil resistant
- Outstanding abrasion, cut and slip resistance

OVERARCHING COMFORT SYSTEM

Brings stability, balance and movability, while reducing the risk of trips, slips and falls.

FEATURES & BENEFITS

- Increased stability
- Increased balance
- Reduced ankle slip within boot
- Reduced wearer fatigue
- Increased comfort
- Increased manoeuvrability
- More room to move within a stable foothold

FORTASHIELD

STEEL TOE CAP PROTECTION

Our broad-fitting, cut-resistant steel toe caps can withstand a 20kg weight dropped from waist height.

FEATURES & BENEFITS

- Resists compression
- Maximum cut resistant
- Penetration resistant
- Increased balance
- Tested to resist a 200 joule impact
- Holds strong under immense pressure
- Keeps shape without restricting toe movement
- Broad fitting

CUSHIONING FOOTBED

Anti-bacterial, washable and breathable material with ventilation and moisture control.

FEATURES & BENEFITS

- Specialised zoning activates ventilation, moisture control and cushioning comfort
- Pressure cells cushion and pump air under the arch and toes where sweat builds
- Washable, breathable, anti-fatigue
- Anti-bacterial
- Footbeds also available as accessories
